## ACCESSORIES

### DOOR HANDLES

Standard door-handle

Door handle bar

### DOOR AUTOMATISMS

Automatic swing door operator

CMAlifts was founded in January 2001, further to an ambitious idea by the brothers Messrs Giulio and Gaetano Caputo, with a mission centred on the model of an industrial company with a craftsman's heart, which manufactures homelifts, passenger lifts and elevators for civil and industrial use, focusing on customer care, product quality, personnel safety, and environmental safeguard.

It is an industrial manufacturer whose craftsman's heart has been retained to such an extent that it can mix the most futuristic hi-tech solutions with the creativity and excellence of its skilled workers.

CMAlifts' reference marketplace has no boundaries. Deeply rooted in the national Italian territory, CMAlifts is a leading player in Europe, North Africa, Middle-East and Australia. The constant increase in orders from foreign trades has been the result of a widespread presence at national and international trade fairs.

Strengthened by the experience gained over time, specific technical and design demands are assessed and addressed with extreme care and expertise. Solutions are shaped together with customers, with a working method that distinguishes each phase: order management, design, production, and on-site delivery by means of its own means of transport.

ISO 9001  
ISO 14001  
ISO 45001

CE marking for steel structures in compliance with EN 1090-1:2009 - A1:2011 and FPC-1370 CPR-1419 Standards.

Rev. 3 - 14th/03/2023-EN

CMAlifts' craftsmanship and attention to details is also applied to the production of door-frames and automatic doors.

All solutions are designed to meet the most specific market demands: from elegant creations in full glass to automatic double-leaf glass doors.

CMAlifts door-frames and doors integrate perfectly within the architectural context of the place in which they are to be installed, as well as are a guarantee of greater efficiency over time.
